The story behind “Barn Quilts of Neversink”

“BARN QUILTS OF NEVERSINK” is a project of Neversink Renaissance — a beautification and community development program principally funded by Sullivan Renaissance and the Gerry Foundation.

Since its inception in the fall of 2006, the “Barn Quilts” concept has yielded a total of 75 barn quilt panels which have been placed on historic barns, outbuildings, freestanding displays and area businesses in the Town of Neversink. The colorful 8x8- and 4x4-foot quilt panels were designed and painted by local volunteers and barn owners. Our thanks to the hundreds of local residents whose pride in their community and spirit of volunteerism can be seen across the Township.

Grahamsville and Neversink are less than two hours north of New York City in the southern foothills of New York State’s Catskill Park near the Rondout and Neversink reservoirs.

Three scenic driving tours are featured on the map inside. Each tour route is highlighted by a different color. The location of each barn quilt is shown on the map with a numbered, color-coded box. Some locations may have more than one quilt. Pick a tour, match the color of the boxes and the highlighted road to one of the listings, and begin your tour of the numbered quilts. Start at the beginning “star” on the map or jump in anywhere along the route. Enjoy your barn quilt tour no matter what the season!
