PRESENTATIONS:

30.-1-39.1: **FSH Lodge at Neversink, LLC** Site Plan Review for Health Spa Located at 7491 State Rte. 55 Neversink NY Barbara and Walter Garigliano were present to represent the application. James Garigliano needed to recuse himself from the application due to family involvement. Barbara Garigliano said that the new site plan map shows the location of the dumpster and that was the only change to the map. Phil asked about the status of the septic with the DEP. Walter Garigliano said that the CWC determined that the septic is failing or will likely fail in the near future. There is funding available and the owners will have it replaced. Phil read the letter from Glenn Smith, the Town Engineer which was received on February 10th. The waiver request to the DEP for the septic was withdrawn as the owners would rather open in the Spring of 2022 with it replaced and fully operating. This also satisfies the condition in the resolution that states that “the septic needs to be operating or replaced before opening.”

OTHER:

Phil reminded everyone about the 4 hours of continuing education training required yearly. He mentioned how trainings have been sent to the members' emails and most are currently online classes.

Walter Z. had a question regarding the Town's Master Plan. He was wondering if it was ever updated. After a short discussion the outcome was that Ken Klein said it is something that the Town Board may ask for feedback from the Planning Board but ultimately the Town Board makes the decision. Walter read that there is supposed to be a Public Hearing before it can be adopted. Keith Stryker thought that it was done but it still needed to be adopted through the Town Board.

Geri asked if everyone wanted a new 8 ½ x 11 Code Book. It was decided that everyone uses code 360 online. Bob would still like a paper copy.
